

Experience nature package

Our home is in the middle of the forest, in the middle of nature where you only hear the calming sound of the flowing river, the wind rattling the leaves and the birds singing in the trees. And yet so close to communication and two different airports....

Roger and Janneke welcome you to WhereTheWild RiverRuns! We are located at the foot of Swedish Lapland, only 40 minutes from Umeå airport and 580 km from Stockholm. At your stay you can enjoy the silence, experience nature, meet the wild animals around us in a safe and secure way with a professional guide and you don't have to worry about a thing. Our package is a combination of a genuine, lovely accommodation with walking distance to the river that offers great natural experiences in wildlife, together with comfort and a cosy fireplace and good local food.

The packages we offer are available all year round, and depending on the season we change the different possibilities of the guided tours. And of course, we can always adapt to your special wishes. Please have a look on our website www.wherethewildriverruns.com or www.WTWRR.com for contact and other ideas and possibilities .

Experience nature package

In June, July, August and September we offer you a package that combines your comfort staying with two days with a guide who shows you the most beautiful places and takes you for example on a fantastic tour along the river with our raft.

The guide also takes you on a wilderness safari where you have the chance to really meet some of the animals who are living around us in the forest! You get to learn a lot about their behavior and how to recognize and follow their tracks.

Our guided tours are suitable for everyone and we can adapt them after your wishes, quiet and relaxed or more intense and exciting trips.
